FEATURED Venice Lights shown with Clear Glass Media, and See Through Conversion

VENICE LIGHTS

The Venice Lights direct vent gas fireplace is a versatile linear design for a dramatic appearance in a variety of room applications. Standard features include ceramic glass and in floor lighting to illuminate a variety of colorful glass pebbles. The expansive viewing area provides an uninterrupted display of the active flame pattern. Available in indoor or indoor/outdoor see through configurations, the Venice Lights provides endless possibilities for any modern living area.

FIREPLACE EFFICIENCIES – Listed to ANSI Z21.50 as a decorative gas appliance.

MODEL	FUEL	BTU/HR	AFUE*
VENICE LIGHTS 43	NG	22,000-35,000	45.91%
VENICE LIGHTS 43	LP	24,000-33,000	42.15%

*Annual Fuel Utilization Efficiency (AFUE) is the recognized U.S. rating system for the total efficiency of heating products.

Approved for use with European Copper and Chimney Classics chimney tops, which improve performance and add an elegant touch.

IMPORTANT NOTES:

As with any fireplace, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
